

365 Financial Analyst® Certificate Path

Below is a map of the **path to certificate** you must follow. The program includes **9 mandatory courses** and a **minimum of 7 electives**. The curriculum is built on **two levels**. You begin with **fundamental lessons** and later, move on to the more **advanced topics** along the way.

Various optional modules can be found on both basic and advanced levels. You are free to choose the electives according to your needs and preferences. When you cover **16 courses or more (9 compulsory & at least 7 electives)**, you can then request your **365 Financial Analyst® Certificate**.

How do you retrieve the videos? **Simply click on any of the course icons below**, and you will be automatically directed to the topic you wish to complete. Once you **unlock a course**, you will have a **lifetime access**. This gives you the opportunity to re-watch these videos whenever you need a quick recap.
